Case Study: Zoho Implementation for Kibo Solutions Private Limited

1. Client Overview

Kibo Solutions Private Limited, founded in 2023 and based in Panvel, Maharashtra, operates in the **Digital IT Services and IT Consulting** sector, delivering advanced security and networking solutions. With a skilled team, scalable workforce, and strong logistics support, the organization focuses on maintaining reliable, efficient, and future-ready operations.

As the organization manages both financial activities and employee payroll processes, Kibo Solutions required a structured digital system to simplify accounting, strengthen reporting, manage payroll activities, and improve attendance and payroll administration. **EVA Software Solutions** implemented **Zoho Books and Zoho Payroll** to address these requirements.

The implementation covered **7 Zoho Books users and 20 Zoho Payroll users**, with training provided across the relevant Books and Payroll modules.

2. Business Challenges

Kibo Solutions was looking to replace manual and fragmented processes with a more structured approach to financial and employee-related operations.

The key challenges identified were:

- Manual handling of accounting-related activities.
- Difficulty maintaining consistent and organized financial processes.
- Limited reporting capabilities for business information.
- Dependency on manual processes for routine financial operations.
- Challenges associated with inventory-related accounting and stock information.
- Difficulty managing automatic attendance processes.
- Challenges in connecting attendance information with payroll processing.
