

Case Study: Zoho Books Implementation for Moat Wealth

1. Client Overview

Moat Wealth is an independent financial services firm committed to providing personalized assistance to individuals and families in pursuing their financial goals and living their dreams.

The firm provides financial advisory and wealth management services including:

- Investment Planning
- Goal-Oriented Advisory
- Basic Financial Planning
- Mutual Fund Portfolio Advisory
- Wealth Management Solutions

Moat Wealth Associates focuses on providing independent, high-quality, and customized planning solutions to its customers based on their current and future financial requirements.

To improve the management of client relationships, sales activities, financial transactions, and accounting processes, **EVA Software Solution** trained Zoho Books based on the organization's business requirements.

2. Business Challenges

Moat Wealth Associates manages clients, financial advisory discussions, business activities, and financial transactions as part of its day-to-day operations.

The organization required a structured system to manage its customer information and accounting activities more efficiently.

Key challenges included:

Partner name: **EVA Software Solutions**.
