Successful Zoho Workplace Implementation by EVA Software Solutions.

1. Client Overview

Virtuoso Projects & Engineers Pvt. Ltd. (VPEL) is an engineering and industrial solutions company working across industrial automation, electrical and instrumentation engineering, control panel manufacturing, IIoT and digitization, and related turnkey project requirements. The company serves industrial sectors including oil & gas, chemicals, pharmaceuticals, power, utilities, sugar, water, and manufacturing.

EVA Software Solutions implemented **Zoho Workplace** for VPEL with a specific focus on consolidating business communication and cloud storage. The project involved migrating email environments from **Gmail and IceWarp to Zoho Mail**, along with migrating business storage from **Google Drive to Zoho WorkDrive**.

2. Business Challenges

VPEL was using different platforms for its email communication and business file storage, creating a requirement to consolidate these services within a unified workplace environment.

The key challenges included:

- Email communication was distributed across Gmail and IceWarp.
- Business files and documents were stored on Google Drive.
- Multiple platforms were being used for communication and storage.
- Existing email data needed to be migrated to Zoho Mail.
- Email data from both Gmail and IceWarp needed to be consolidated.
- Existing Google Drive data needed to be transferred to Zoho WorkDrive.
- VPEL required a centralized environment for business email and storage.
- The migration needed to transition existing business information into the Zoho ecosystem.

3. Objectives

The implementation was undertaken with the following objectives:

- Migrate Gmail-based email accounts to Zoho Mail.
- Migrate IceWarp email accounts to Zoho Mail.
- Consolidate email communication within Zoho Mail.
- Migrate business files from Google Drive to Zoho WorkDrive.
- Establish WorkDrive as the centralized business storage platform.
- Consolidate communication and storage within Zoho Workplace.
- Transition VPEL's existing email and storage environment to Zoho.
- Establish a unified platform for ongoing business communication and document storage.

4. Solution Implemented

EVA Software Solutions implemented the required Zoho Workplace environment for VPEL, focusing on email and storage migration.

For the communication environment, EVA migrated the required email data from **Gmail to Zoho Mail** and **IceWarp to Zoho Mail**, bringing the separate email environments into Zoho Mail.

For storage, EVA migrated the required business data from **Google Drive to Zoho WorkDrive**. This established WorkDrive as the centralized environment for VPEL's business files and documents.

5. Key Features & Migration Scope

Email Migration — Zoho Mail

- Gmail to Zoho Mail migration
- IceWarp to Zoho Mail migration
- Consolidation of email environments within Zoho Mail
- Migration of existing email data to the Zoho environment

Storage Migration — Zoho WorkDrive

- Google Drive to Zoho WorkDrive migration
- Migration of existing business files and documents
- Centralization of business storage within WorkDrive
- Transition from Google Drive to the Zoho storage environment

Zoho Workplace Consolidation

- Centralized business email through Zoho Mail
- Centralized business storage through Zoho WorkDrive
- Migration from multiple existing platforms
- Consolidated Zoho Workplace environment for communication and storage

6. Results & Benefits

The completed Zoho Workplace implementation provided VPEL with a consolidated environment for its business email and storage requirements.
